## POINTS OF INTEREST

- The frozen prepared meals category is one of the largest in grocery and has surpassed the \$6-billion mark. With great-tasting, high-quality meals for every occasion, STOUFFER'S® Single Serve Entrees are the #1 brand in regular dinner/entrees while LEAN CUISINE® remains the #1 brand in nutritional dinner/entrees on a dollar share basis. The STOUFFER'S® brand also is the #1 brand within the multi-serve segment of dinner entrees.
- Since 1977, the group (formerly Chef America) has helped define convenient and delicious American fare through its HOT POCKETS®, LEAN POCKETS® and CROISSANT POCKETS® brand sandwiches. With a keen focus on consumer tastes and values, the group successfully pioneered a new category of frozen sandwiches and snacks that is currently billed at over \$2 billion. The well-known brands, which are currently available in grocers' freezers, extend to breakfast, lunch, dinner and anytime snacking.
- At its headquarters in Solon, Ohio and throughout its manufacturing facilities, employees within the Prepared Foods Company participate in the Nestlé USA Very Best Volunteers program. Volunteers interact with students at "adopted" schools through such activities as Pen Friends, field trips, tutoring, Reading Is Fundamental book distributions, and many others. As well, the company contributes food regularly to Second Harvest.
